

# That's My Pillowcase

Designed by Nancy Lindblom

## Fabric Requirements

- 1 yard print
- 1/2 yard print (prairie points)
- 1/4 yard print (bottom)
- 1/4 yard letter fabric
- 1/4 yard Fusible Webbing

## Cutting

- Cut 1 - 27" x 40 1/2"
- Cut 1 - 8" x 40 1/2"
- Cut 20 - 3" x 3" squares

## Assembly

Press fusible webbing to back of letter fabric according to manufacturing instructions. Cut out desired letters. Press bottom of pillow case in half lengthwise. Fold in half and arrange letters on the 4" x 20 1/4" piece, as desired. Peel off paper and press down. Unfold fabric and place a single piece of tissue paper under fabric, stitch around each letter (I used a buttonhole stitch). Set aside.

## *Prairie Points for version I*

*Fold the the 3" squares in a triangle, press, fold and press again. You now have a prairie point. Place one triangle inside the other about 1/4", across the 40 1/2" edge of the pillowcase. Pin and stitch with a long stitch to hold in place. Make seam less that 1/4".*

Bottom band should have one 40 1/2" edge, pressed down 1/4". Place bottom band, unpressed edge, right side together, even with the prairie points. Pin in place and stitch down with a 1/4" seam. Fold pillowcase in half, matching bottom band seam, pin, stitch with a 1/4" seam. Turn right side out, press, turn up bottom band and stitch the inside band down by hand. All Done!

## That's My Pillowcase Strips for Version II

*Cut 1- 2" x 40 1/2" strip Cut 1 - 3" x 40 1/2' strip Press strips in half lengthwise, place 3" strip on bottom of the 40 1/2" edge of the pillow case top. Place the 2" strip on top of this. Pin and stitch down to stabilize.*

Follow instructions as above to finish.
