#### About Pat Sloan

Pat has been sewing since she was a child and quilting for over 14 years. Several years ago she started to teach quilt making to others and then turned her skills to pattern designing. Pat found that she really enjoy designing and seeing how other quilters made her patterns. In 2000 Pat's designs became so popular that she and her husband Gregg formed a design and publishing company called Pat Sloan & Co. In addition to designing and publishing her work, they now travel around the country teaching and showing her quilts to quilt guilds and quilt shops. Also, Pat has had her designs published in many national magazines, has written six books on quilting and has designed eight lines of fabric for P&B Textiles. Visit her web site [www.QuiltersHome.com](http://www.QuiltersHome.com) to see all the Pat Sloan & Co. patterns.
