## Assembly

1. Mark the center of the curved edge on the A and B pieces. With right sides together, pin the curved edge of an A piece to a B piece, matching the center marks and ends. Add pins along the edge, easing any fullness as needed. Stitch along the pinned curve using a 1/4"-wide seam allowance. Press the seam allowances toward the darker fabric. Make 50 rectangular blocks, each measuring 6" x 11 1/2".

2. Referring the photo and the layout diagram, arrange the rectangular blocks in rows as shown. Join the blocks in each row and then join the rows to complete the quilt center.

3. Join the white strips end to end to make a long strip. Measure the length of the quilt top. Cut two strips to this length and sew them to the sides of the quilt top. Measure the width of the quilt top. Cut two strips to this length and sew them to the top and bottom of the quilt top to complete the outer border.

4. Layer the quilt top with batting and backing; baste. Quilt as desired. Using the 2 1/4"-wide white strips, bind the edges to finish.
