ALTERNATE COLORWAY

For the quilt with the striped border, make the following changes to the yardage and cutting lists:

- Substitute TOOM 881 Z for 879 O
- Substitute TOOM 879 O for 881 Z

In step 2, the blocks listed have narrow strips of the stripe around the outer edges of the block.

MAKING THE BLOCKS

1. Following the manufacturer's instructions, apply fusible web to the wrong side of each 2 1/4" square. Trim each square to measure 2" x 2". Set aside the prepared squares for step 3.

2. Lay out the pieces for each block, referring to the layout diagram and photo for placement guidance. Join the pieces in each block. (Note that blocks 1, 3, 6, 8, 9, 11, 14, and 16 have narrow brown strips around the outer edges of the blocks. Pay careful attention to the position of these strips.) After sewing each seam, press the seam allowances toward the just-added piece. Each block should measure 12 1/2" square.

3. Fuse the 2" squares from step 1 to the appropriate block as shown in the photo. Use a matching color thread and the machine stitch of your choice to finish the raw edges.

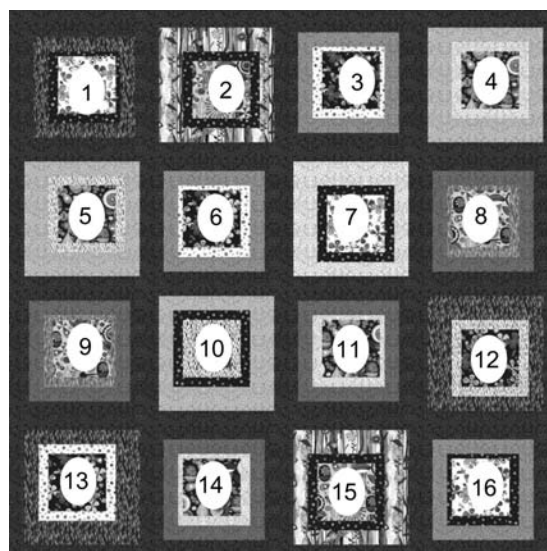

ASSEMBLING THE QUILT

4. Alternately sew together four blocks and five vertical sashing strips, beginning and ending with a sashing strip. Make four block rows.

5. Alternately sew together five sashing squares and four horizontal sashing strips, beginning and ending with a square. Make five sashing rows.

6. Join the block rows and sashing rows, beginning and ending with a sashing row.

7. Layer the quilt top with batting and backing; baste. Quilt as desired. Bind the edges to finish.
